Graffiti – street art

Modern graffiti began in big cities in the United States in the 1970s. In New York, young people wrote their names, or ‘tags’, in pen on walls around the city.

One of the first ‘taggers’ was a teenager called Demetrius. His tag was TAKI 183. He wrote his tag on walls and in stations in New York. Other teenagers saw Demetrius’s tag and started writing their tags too. Soon, there were tags on walls, buses and trains all over New York.

Then, some teenagers started writing their tags with aerosol paint. Their tags were bigger and more colourful. Aerosol paint graffiti became very popular in the 1970s and 1980s. It appeared on trains, buses and walls around the world.

In the 1990s and 2000s, a lot of graffiti artists started painting pictures. Some artists’ pictures were about politics. Other artists wanted to make cities beautiful and painted big, colourful pictures on city walls.

Graffiti in galleries

In some countries, writing or painting on walls is a crime. Sometimes, graffiti artists have problems with the police. In other countries, artists can draw and paint in certain places. For example, in Taiwan, there are ‘graffiti zones’ where artists can paint on walls. In Sao Paulo in Brazil, street artists can paint pictures on walls and houses. Their pictures are colourful and beautiful. Some tourists visit Sao Paulo just to see the street art!

In Bristol in the UK, there is a street art festival in August every year. Artists paint all the buildings in a street. Lots

of people come to watch the artists and take photos. You can see exhibitions of street art in some galleries too. There are exhibitions of street art in galleries in Paris, London and Los Angeles.

Who are the artists?

Some street artists are famous:

Os Gemeos are twin brothers from Sao Paulo. They paint big, colourful pictures of people on buildings. In 2007, they painted a castle in Scotland!

Blek le Rat is from Paris. He is famous for painting pictures of homeless people in big cities.

Faith47 is from Cape Town in South Africa. She paints big, colourful pictures of people and animals. She likes painting in different places and you can find her work on buses and, of course, on walls!

The future of street art

Many street artists use the Internet to look at photos of street art from around the world. They talk to other artists online and discuss ideas. Some street artists are famous and you can see their pictures in galleries. We do not know about the future of street art, but it is here to stay for sure!

The needle tree

There were once two brothers who lived near a forest. The elder brother treated his brother badly. He ate younger brother's food and took all his good clothes.

One day, the elder brother went into the forest to find some branches to sell at the market. After some time he saw a magical tree.

The tree said to him: "Oh kind sir, please don't cut my branches. I'll give you my golden apples".

The elder brother agreed but he did not like the number of apples. He wanted more apples. The magical tree did not say anything but it threw hundreds of small needles upon the elder brother. The boy was crying in pain.

In the evening the younger brother looked for his elder brother and found him with needles in his body. He was sorry about his brother and helped him. The younger brother took out all the needles and the elder brother became healthy again. He understood that he was wrong about his younger brother and he was sorry.

The magic tree saw the change in the elder brother's heart and gave them a lot of golden apples.

Moral of the story

If it is important to be kind to people and other people will be kind to you.

The strange bird with two heads

Once upon a time, there lived a strange bird with two heads: the left head and the right head. The two heads did not like each other. But they had one body! The strange bird lived in a big tree near a river.

One day, the left head of the bird saw a beautiful tree that had a bright red fruit. The left head of the bird wanted to eat the fruit and the bird flew down to pick the fruit from the tree.

The bird took the sweet fruit, and sat by the river. The left head started eating it. When it was eating, the right head asked: "Can you give me a piece of fruit?"

The left head said: "See, we have only one belly. So if I put something in my mouth, it will go to our belly."

"But I want to taste the fruit," said the right head.

The left head was angry: "I saw the fruit first, so I can eat it without anyone."

The right head felt sad.

A few days later, the right head saw a beautiful pink fruit in a tree. The bird flew down near the tree and tried to pick the fruit and eat it.

The other birds living in the tree said: "Don't eat it. It's a poisonous fruit. It will kill you."

The left head shouted: "Don't eat it. We will all die."

However, the right head did not listen to the left head. It said: "I will eat it, because I saw it first. Don't stop me."

Finally, the right head ate the pink fruit, and in a few minutes, the strange bird with the two heads died.

Moral of the story

If you are not friendly, all the family feels bad.

LESSON 1 Keeping active

1a Work in pairs. Look and think.

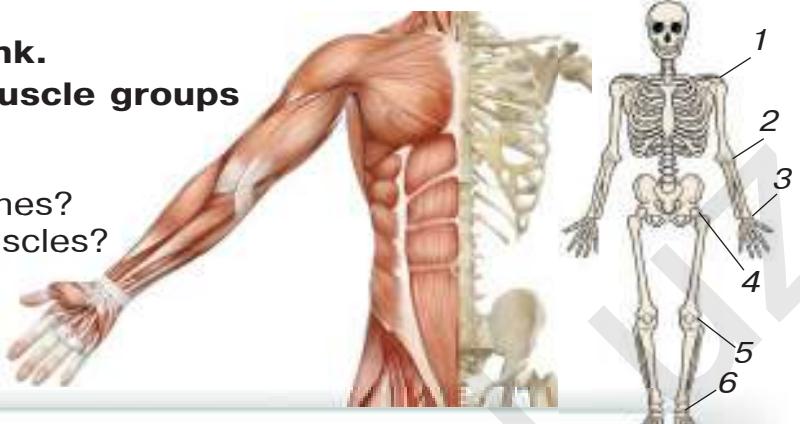

Look at the skeleton and muscle groups inside our body.

What do you notice?

Why do you think we need bones?

Why do you think we need muscles?

1b Work in pairs. Read and check your guesses.

Our body is more than what we see when we look in the mirror. There are **different parts** that have **different jobs**. Each part works together so we can eat, sleep, sit in class and play with friends.

Our skeleton has main functions:

- To support the body. For example, without a backbone we would not be able to stay upright.
- To protect some of the vital organs of the body. For instance, the skull protects the brain; the ribcage protects the heart and lungs.
- To help the body move. Some bones in the skeleton are joined together and cannot move against each other. Most of the bones are joined to each other by flexible joints. Muscles are needed to move bones.

Bones, joints and muscles make up our musculoskeletal system. Together, they help us move and support an active lifestyle. Keeping our bones, joints and muscles healthy is important.

1c Look at the words in the cloud and label the skeleton.

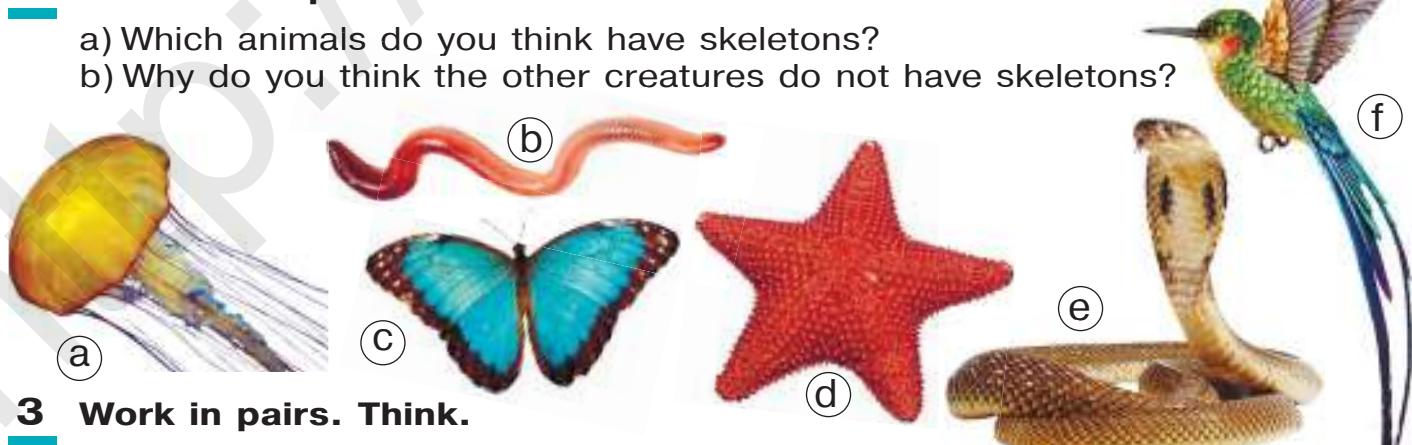

1 ____ 2 ____ 3 ____ 4 ____ 5 ____ 6 ____

Win or lose

Pete did not like to lose any game. His parents, teachers, and friends said he did not know how to lose. He did not like losing even at simple games. It was so great, and he felt so good when he won. He never wanted to stop that feeling; not for anything in the world. He thought that losing was the worst thing in the world. If there was a game Pete was not good at, he simply did not play it. But he took part in any game when he could win, even if the game only lasted a minute. And nobody could stop him playing the things he was really good at, like table football.

A new boy started at Pete's school, and his name was Albert. Albert was a wonderful table football player. One day they wanted to play table football together.

Pete was training very hard.

Albert, on the other hand, did not think much about the game. He was talking to friends, smiling and making jokes about all sorts of things.

But on the football table, Albert was really brilliant. He scored goals again and again, laughing and joking all the time. However, Albert did not pay attention to the match.

And Pete decided to cheat. When Albert was looking at the other side, Pete changed the scoreboard. Albert did not notice it, and so Pete won by cheating.

Pete made a big thing of his win, but Albert was not sad.

"It was fun. We should play again some other time", said Albert.

On that day, people at school talked much about the game. But, that night, Pete did not feel happy. He won, but he did not enjoy so much. What's more, Albert did not feel bad about losing.

And, what was the worst thing, the next day Pete saw Albert playing basketball. He played badly and he lost time after time. But that happy smile never left his face. Pete watched the new guy for several days. He was great at some things, terrible at others but he enjoyed everything all the time. Pete began learning that to enjoy a game you must not only win. You can win or lose. What you must do is enjoying the game, trying to do well, and enjoying each moment of it.

Finally, Pete started telling jokes when he was playing games. The only sad thing for him was when a game finished.

Soon the older children started saying: "Good player is that Pete. He is sure not a loser."

The horse riding

Jimmy was a very fat boy. He was always sad because of his weight. So, he decided to visit a doctor. He said to the doctor: "How can I lose my weight? Everybody laughs at me at school."

The doctor told him to do exercises every day. After few days, he again went to the doctor and said: "I did exercises every day but I didn't lose my weight."

The doctor asked him what exercises he did.

Jimmy replied: "I go for horse riding every day. The result is that I have had more weight and the horse has lost weight."

The doctor laughed and showed him how to exercise.

Basketball is my favourite sport.

December 19, 2008

By Daniel Jarasa, Glendale, CA

The sport of basketball is fun for any person: young or old. Basketball is a great way of exercise, a great way to have fun with friends and make some new ones. I think playing basketball is better than playing video games or watching television.

I love basketball because you can play the game with or without friends. I prefer to play in teams. One more thing I love basketball is that there are many different styles of play. The players can pass, throw or jump high very well.

When I have the ball, I feel the best and no one can stop me. I love playing basketball but I also love watching it. To me basketball is the best sport of all other sports like baseball and football.

I like watching basketball on television because you can see how well famous sportsmen play basketball. I watch their

moves and then I try to use them in my play. My favourite basketball player is Kobe Bryant. He makes basketball as a game for little children.

He is 30 years old and he is one of the best athletes in the world. He is a big model to many children who enjoy playing this sport. He knows how to play and win. I want to play like Kobe Bryant.

I think I am playing better and better every time I play basketball. Basketball is my favourite sport.

My Hobby, My love, Dance

April 23, 2014

By Anna, Cannon Falls, Minnesota

Dance is more than just a sport. Dance is something where you work hard, something you put all of your free time. Dance is a sport that you never want to stop. You need to dance until the end, until you become the best dancer. In order to be the best dancer, you need to practise during your free time at home.

The most exciting part of dance is the competitions, where you show your dance in front of hundreds of people. Before the performance you should be sure that your hair and costume looks wonderful. When your dance costume is ready, it is time to practise your dance before you go out on the floor. When we hear "Now dancing is the C. F. Bomber Dance Team!", we come out onto the middle of the floor. When the

music starts, then you need to begin your dance. It is time to show the world what you have learned about dancing over the years.

The people clap hands to me and my team when the music ends. All the dancers from towns all over Minnesota go to the gym to see the best three teams. Finally, a man stands up and says: "The school that came in second place is ... the Bombers!!!" Every dancer from my school is jumping and crying. We got second place at the very first competition!

Then it is time to visit your family and friends that came to see you. Sometimes it is fun especially when they bring you gifts such as flowers, shirts, ice cream etc. Then we go home with our families.

Dance is my most favourite sport. It is the one thing I love very much, and I love my friends-dancers. I am waiting next November when my favourite hobby and sport will start again.

UNIT 5 What we wear

Inquiry question:

What do my clothes say about me?

Inquiry theme:

To understand that the clothes you wear are part of your personal and cultural identity

In this unit you will ...

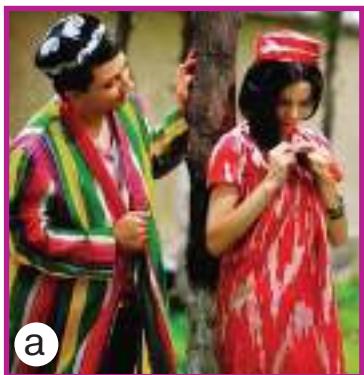

- ✓ read short texts and fact files
- ✓ listen to dialogues and short texts
- ✓ ask for and give information about clothes we wear
- ✓ learn what the clothes we wear can say about our identity
- ✓ learn how to say what the things are made of
- ✓ learn how to express opinions about different clothes people wear

LESSON 1 What do my clothes say about me?

1  Work in pairs. What do you know about clothes?

2  Look and think. When can you wear these clothes? Write.

3a Work in pairs. Look at the pictures.

What do the clothes say about these people?

3b Read and check your guesses.

Clothes can tell us a lot about the person. Clothing styles and its appearance tell us about the age of people and their way of life. It can tell us about their tastes and culture. They can also tell us about their favourite sports group, music or people they love.

1 Formal clothing: People wearing formal clothes are very serious about their work. They get dressed very neatly. Many people wear formal clothes for professional or personal reasons. People with formal clothes are usually businessmen and they are not poor. A young boy or a girl in formal clothes can tell you that they are from a very important family.

2 Hip hop clothing: This style is becoming popular with young people. They wear big T-shirts, flat caps and low trousers. These young people want to show that they do not like something in their lives.

3 Sports clothing: These people want to wear what they like. Most of the people are teenagers. This style is popular with both boys and girls. They use this style to show that they are brave and want changes in their lives.

4 T-shirts and jeans: This clothing style is popular with a lot of people in the world. The best thing about this style is that it is cheap and comfortable, and we can use it every day or on special days. People of different ages and professions wear jeans and T-shirts.

LESSON 2 What are you wearing?

1 Work in pairs. Explain the saying.

2a Work in pairs. Read and find the new words.

pay attention, well-dressed,
casual, fashion, suit (v)

There is no bad weather, there are bad clothes.

Fashion and clothes are an important part of modern life. If a person wants to be popular, he or she must look nice. When people speak to you, they always pay attention to your appearance and your clothes. If you look untidy, people do not like it. There is a saying that says "good clothes open all doors".

Most people do not choose their clothes to the latest fashion. They wear what suits them, what is comfortable and what is not expensive. I guess you should choose things according to your taste and character, and then you can look well-dressed even if you wear something casual.

2b Work in pairs. Ask and answer.

- 1 Do you pay attention to your friends' clothes?
- 2 Do you like people who look untidy?
- 3 What does the saying "good clothes open all doors" mean?
- 4 How do you choose your clothes to look well-dressed?
- 5 Do you like casual or formal style?
- 6 What are your favourite clothes?
- 7 Do you choose your clothes to the latest fashion?

3a Work in pairs. Write the new words. Match the words.

3b Listen and check.

4 Listen and match the texts and pictures. e.g. 1d

(a)

(b)

(c)

(d)

(e)

(f)

(g)

3c Work in pairs. Ask and answer.

e.g. Do you wear/have/like an embroidered duppi?

5 Work in pairs. Ask and answer.

e.g. What do you wear at home/school?
What are you wearing now?

Robin Hood and the Golden Arrow Story

In all the land, no one was better with a bow and arrow than Robin Hood. He lived with his Merry Men in Sherwood Forest. That was the forest where the King kept his royal deer.

A few years before, King Richard ruled the land. King Richard was kind and let people who were poor come into Sherwood Forest. They could hunt the deer to get food for their families. But then King Richard and his army left England. His younger brother John became a new King. Bad King John did not want anyone to come into Sherwood Forest to hunt the royal deer. From then on, anyone who hunted in Sherwood Forest could be put in prison!

Robin Hood did not like that. He moved into Sherwood Forest. He wore green clothes from his cap to his boots, the colour of the trees of Sherwood Forest. Nobody could see him as he hunted the King's deer. Sometimes other brave men came into Sherwood Forest. One by one they joined Robin Hood, and became his Merry Men.

Robin Hood and his Merry Men took money from the rich and gave it to the poor. The rich men were not happy. They said: "We must do something about this!" The King told the Sheriff of Nottingham to catch Robin Hood - once and for all!

But the man in green was too quick. The Merry Men told Robin Hood about danger each time when they saw the Sheriff of Nottingham or one of his people in the forest.

So the Sheriff made a new plan: "I will call for a great competition", he said, "to find out who is the best in the land with a bow and arrow. The winner will go home with a Golden Arrow". Then he said: "I know that Robin Hood will take part in the competition. And when he comes, we will catch him!"

"Robin Hood, don't go to the competition! They want to catch you", said Little John and other Merry Men. Little John was Robin Hood's best friend. "When they see you, they will catch you."

Robin Hood said nothing. He wanted to go.

On the day of the competition, ten fine bowmen lined up. The round target was so far away it was hard to see its black and red circles. One by one, each young man shot his best arrow. Some of the arrows landed on the target. No one came close to the center.

The Sheriff turned to one of his guards: "Do you see him? Is he here?"

"No, Sire. Robin Hood has red hair. People who are shooting have no red hair."

"Robin Hood is afraid of me!", said the Sheriff, "That's why he stayed away."

Two bowmen were left. The first was William, the Sheriff's man. With care, William took a shot. His arrow landed at the very center of the target - a bull's eye!

It was time for the last Bowman. His arrow landed right through William's bull's eye arrow, cutting it in half! Then, the Bowman let go of two more arrows. Each one flew to where the Sheriff was sitting, one arrow on each side.

The Sheriff did not know what was happening! Then the man in green pulled off his hat and threw it on the ground. His hair was red!

"Get him!", shouted the Sheriff, "It's Robin Hood!"

But our hero jumped over the wall to a horse waiting for him. He went away!

We have seen the plan for a new advertising billboard outside the bank in Navbahor Street. We are writing to tell you we are against this plan. We already have some advertising billboards in our mahalla. They advertise things like chocolate, biscuits, drinks, mobile phones, restaurants and cafes. Harry Potter and the Philosopher's Stone

The Dursleys had all they wanted, but they also had a secret. The secret was about the Potters. Mrs. Potter was Mrs. Dursley's sister, but Mrs. Dursley did not like her sister. The Dursleys knew that the Potters had a baby son, but they did not want to see him.

The story started on Tuesday when Mr. and Mrs. Dursley woke up. They did not see a large owl behind their window. At half past eight, Mr. Dursley left the house and got into his car. On the corner of the street he saw something interesting - a cat was reading a map. For a second, Mr. Dursley did not understand what it was. He closed and opened his eyes and tried not to think about the cat.

As he was driving he saw a lot of strange people. They were wearing green cloaks! Mr. Dursley did not like the people who got dressed funny clothes.

Mr. Dursley always sat with his back to the window in his office on the ninth floor. So he did not see the owls flying at daylight, but the people down in the street were looking at them.

Mr. Dursley made several important telephone calls and decided to walk to the bakery. In the street he again met some people in cloaks and it made him angry. They were talking about the Potters and their son Harry. When Mr. Dursley heard those words, he stopped. He was scared. He looked back at those people. Then he walked up to his office, closed the door and told his secretary not to take the telephone.

He decided not to tell his wife about the news because Mrs. Dursley was always

sad when somebody talked about her sister. When he left the building at five o'clock, he met a small man. He was wearing a violet cloak.

"Sorry", Mr. Dursley said to the small old man. The small man answered: "Don't be sorry, my dear sir. You should be happy that You-Know-Who has gone at last! Even Muggles like you, should celebrate this happy, happy day!"

Mr. Dursley could not move when he heard it. Someone called him a "Muggle"? He did not understand what it meant. He turned to his car and went home.

As he drove to house No.4, he saw that cat again. It was now sitting on his garden wall. It was looking at him.

"Shoo!", said Mr. Dursley loudly. The cat did not move. It just looked at him angrily. "Was this a normal cat?" Mr. Dursley thought and went into the house.

Mrs. Dursley had a nice, normal day. Mr. Dursley tried to act normally. When Dudley went to bed, he went into the living room to watch the evening news. He heard on the news that there were a lot of owls in the country.

Mr. Dursley sat frozen in his armchair. Owls flying by daylight? Strange people in cloaks everywhere? And the words about the Potters. He asked his wife about the Potters but she did not hear about them.

A thin old man in a cloak appeared near the cat in the street. He was Albus Dumbledore. The cat was Professor McGonagall.

Dumbledore asked her why she was not happy. Professor McGonagall answered: "I'm thinking about the baby Harry Potter".

Dumbledore said: "The boy should live with his aunt and uncle because Voldemort killed his parents. He wanted to kill Harry too, but he couldn't".

Then Hagrid, a very big man, appeared. He had a little child in his arms. It was Harry Potter. They wrote a letter to the Dursleys about Harry and put the boy and the letter near the door. McGonagall said: "Harry becomes a famous superstar in the future". They said good bye to the child and went away.

Ecopark is Tashkent's first ecological park where people used 'reduce, reuse, recycle' ideas. It opened its doors in April 2018. Many things here are made of old car wheels, plastic bottles and metal pipes.

Tashkent Ecopark is an interesting place for people to learn new ways to take care of nature in the place where people live and work. Adults and children like a big spider made of metal pipes, flowers made of coloured packets and other things.

In the park we can do a lot of leisure activities. People do sport and play games here. In the art studios in the center of Ecopark children can make figures and draw pictures with the help of well-known artists.

Ecopark is a place for people who want to spend more time in the open air with friends and families. They learn to care for the nature in a busy city.

David Copperfield was born in a village in England. His father died before he was born. David's mother looked after him well. He went to the best school in the village.

When David was six years old, his mother married a man by the name of Murdstone. Murdstone did not like David and David did not like him. Murdstone

decided to send David to a boarding school. Next day he left his mother and went to live there.

He was in boarding school for two years. Then he heard about his mother's death. He went home, there he found Murdstone sitting on a chair. He looked at David and said: "Your mother is dead. I have no money for your education. You must start working. Tomorrow you will leave for London."

So, at the age of ten, David Copperfield was in London streets without money, food or home. He remembered his mother told him that in Dover lived his aunt, his father's sister. David never saw her. He walked to Dover to his aunt's house.

It was morning when David came to his aunt's house. Her name was Miss Trotwood. She was in the garden, when she saw a poor boy looking at her.

She asked: "What is it boy? What do you want?"

David said: "I'm David Copperfield, your nephew". He told her everything. Miss Trotwood took David inside, gave him a hot water bath and some food.

As days went by, Miss Trotwood put David in a good school and looked after him well. Miss Trotwood had a friend, Wickerden and his daughter Agnes. David and Agnes became great friends.

Wickerden was a rich man but his assistant, Micawber, was a bad man. He got a very important document and he decided to take Wickerden's money.

David often visited Wickerden's house. One day David saw some of Wickerden's papers. He did not believe Micawber and asked to see the documents. Micawber said: "David, these papers are about work and they are not important". But, David understood that Micawber had a bad plan against Wickerden. He went to the police and told everything. The police took Micawber and put him into prison.

Wickerden was happy that David saved his money and house. Agnes too thanked David for her father.

A few years later David and Agnes, who were in love with each other, got married. They lived happily for a long time.

LESSON 4 Have you ever been to the desert?

1 Work in pairs. Answer the questions.

- 1 Where is Uzbekistan situated?
- 2 What geographical features does it have?

2b Read and check your guesses.

A Deserts cover about one-fifth of the Earth. Deserts are regions where the rainfall is less than 250 mm a year. In some years there is no rain at all. Deserts do not have much vegetation because of dry climate. They are usually covered by sand and stones. There are hot and cold deserts. Hot deserts are in Australia, south Africa and the Middle East. They have a very high temperature in the summer, sometimes over 50 degrees C. The icy continent of Antarctica is an example of a cold desert.

B The world's largest desert is the Sahara. Many plants found in the Sahara live in the two-to-three week time after a good rain. In 2005 African countries with African Union and other international organizations started a new programme. They started planting a 15-kilometre "wall" of trees from the western to the eastern part of the continent to stop desertification.

C The animal life in the Kalahari Desert is richer in the north than in the south. We can see there a lot of giraffes, zebras, elephants, buffalo, antelopes, lions, cheetahs, leopards, wild dogs, foxes, lizards, snakes and different birds.

2c Read again about the Sahara Desert. Why do you think they started a new programme?

The Flying Lion (African folk tale)

Once upon a time, the Lion could fly. His wings were like the wings of Brother Bat, but they were very big, and very thick, and very strong. So he made a big wind with them when he flew into the air. When he was high above the earth, he looked down for something to kill. So this is how he hunted in old times.

There was only one thing he was afraid of, and that was the bones of the animals he caught and ate, which could be broken to pieces. No one knew why, and everyone was frightened of the Flying Lion. He kept the bones in his house and two White Crows guarded them.

But one day while the Flying Lion was away, Brother Big Bullfrog came and said: "Why do you sit here all day, you Whitehead Crows?"

And the White Crows said: "We sit here to look after the bones for the Flying Lion."

"But you must be tired of sitting!", said Brother Big Bullfrog, "You fly away a little and stretch your wings. I will sit here and look after the bones."

The White Crows stretched their wings and flew away. But soon Big Bullfrog said: "Now I want to find out why the Flying Lion keeps the bones and why he is afraid of broken bones".

He broke all the bones he could find in the house. Crack! crack, crack, crack! When he finished, he hopped away, hop-hop-hoppity-hop, as fast as he could. When the White Crows came back, they were frightened to see all the broken bones.

"Craw, craw!", the White Crows said, "The Flying Lion will be so angry. He will bite off our nice white heads – craw, craw! – and without a head, who can live?" And they went after Brother Big Bullfrog.

"It's no good hopping away, Brother Bullfrog", they said, "the Flying Lion will find you wherever you are, and kill you."

But old Brother Big Bullfrog went to his pond and said: "When the Flying

Lion comes, tell him I am the man who broke the bones. Tell him where I live and if he wants to see me, he must come to me."

The White Crows wanted to catch him but they could not. There was much mud in the pond.

The Flying Lion was very angry when he knew about it. He roared – hoorr-rr-rr, hoor-rr-rr-rr. It was a terrible noise.

But now he could not fly, and he walked home. He found the poor White Crows. But soon they found out that he could no longer fly, so they were not afraid of him.

"Hoor-rr-rr-rr, hoor-rr-rr-rr!", he roared. The White Crows flew away and called out: "Ha! ha! ha! The Lion can't catch us! The bones are broken, and his wings don't work. Now men and animals can live again. We will fly away and tell them the good news."

From that day on he learned to walk quietly like a mouse. And the White Crows can no longer speak. They can only say: "Craw, craw."

2 Why is it called The Silk Road? 4 What countries did The Silk Road cross?

2b Work in pairs. Read and check your ideas.

The Silk Road began in ancient China. But it was not a road, it was a route. There were some routes with the name "The Silk Road" from China to Rome. It was a 6.500 km trip. At one end was China. At the other end was Rome. Each had something the other wanted. Rome had gold, silver and beautiful stones. China had silk, tea, and spices. The Silk Road was important because people not only changed things but also food, ideas and culture.

The Romans wanted to find such a road for a long time because they wanted to have silk. Silk was popular in Rome. But the Romans did not know how to make this wonderful material. Finally, they found the way to China and called it "The Great Silk Road".

But travelling along The Silk Road was very dangerous. There were deserts and mountains, bad weather and bad people.

There are about 80 million things in the Museum and Darwin Centre. In 1905 the best known dinosaur's skeleton appeared there. This dinosaur is called Dippy. This dinosaur is known as the biggest in the world. The skeleton is 26 metres long. There are other types of dinosaurs, especially the popular T. Rex. There are stuffed birds, with the extinct dodo bird. People can compare a little humming bird's egg with that of an elephant bird (now extinct), which is as big as a football. Every year the museum has new exhibitions, as well as some events like favourite "Wildlife Photographer of the Year" and "Sensational Butterflies". You can visit the museum after hours including movie nights, monthly late openings and the chance to sleep at the museum with dinosaurs.

Icarus and Daedalus

Once upon a time, a long time ago, there lived a talented artist. His name was Daedalus. He used his art to make buildings and castles. He was the best architect of his time.

King Minos invited Daedalus to the beautiful island of Crete. The king wanted him to build a maze, as a home for the king's pet, the Minotaur. The Minotaur was a horrible monster, with the head of a bull on a human body. The king loved that monster and wanted him to have a good home.

Daedalus was surprised at the king's pet, but a job was a job. Daedalus planned to make the maze so that people could not find the way out. They needed somebody's help to go out.

The King liked that idea. Daedalus really was a fine architect.

Daedalus brought his young son Icarus with him. He wanted the child to enjoy swimming and playing with the other children on the island. Both Daedalus and Icarus were happy to live on

the island.

King Minos was happy with his maze. It was quiet and wonderful on the island.

One day, a group of Greek men sailed to the island. They killed Minotaur and sailed away, taking with them the king's daughter.

King Minos was very unhappy. He did not know how the people could go out of the maze without help from someone.

King Minos decided that Daedalus and his young son Icarus must stay on the island of Crete.

Daedalus tried to think of ways of how to go home. One day, Daedalus noticed birds flying in the sky. It gave him an idea. Wings! He needed wings. Daedalus began to collect all the bird feathers he could find. He collected them together with wax. When two pairs of wings were ready, he told his young son not to fly too close to the sun or the wax could melt.

Daedalus fixed the wings to their arms. They opened their wings and flew to the sky. They left the island of Crete far behind them. Water was under them as far as they could see. The sky was blue. It was amazing!

Icarus flew higher and higher. He flew so high that the sun began to melt the wax on his wings. Icarus was falling down. He worked with his arms faster and faster. But it was no use. Poor Icarus fell into the water.

Sadly, Daedalus went on alone.

LESSON 3 Exotic America

1a Work in pairs. Write five things you know about the USA.

1b Read the two texts. Say what places they are about.

① Do you know where the Hawaii Islands are? Do you know what country they belong to? They are in the central part of the Pacific Ocean and belong to the United States of America. Hawaii became the 50th state of the USA in 1959. Captain Cook found these islands just a few years after he discovered Australia. He put these islands on the map and gave them a name.

② The famous Rocky Mountains in the USA begin near Denver in Colorado and go up into Canada. In the south of the Rocky Mountains there are many beautiful canyons. Do you know what a canyon is? It is a deep narrow valley. One of the biggest canyons in the world is the Grand Canyon in Arizona.

1c Read and match with the texts in 1b.

a Millions of years ago, in times of dinosaurs, the Colorado River was much bigger. Today, in the Grand Canyon you can see how big it really was. The word “grand” means “very big”.

b He called them the Sandwich Islands. Why this name? It was not because he stopped there to have a sandwich. The Earl of Sandwich was paying for Captain Cook's expedition and this was how the Captain thanked the Earl.

c When tourists take part in a Hawaiian feast, a luau, they have fish, shellfish, coconut pudding, and pineapple, music and hula dancing. The hula is one of the most beautiful dances in the Islands. Some Hawaiian children learn to dance it when they are two years old and it is part of the school lessons.

d The Canyon is over 349 km long and more than 1,3 km deep, and 20 km wide in places.

e May 1st is a lei day. A lei is a garland of flowers which people wear round their necks. It symbolizes Hawaiian hospitality.

f The Canyon has many beautiful colours that change during the day such as red, green, yellow and deep blue. A lot of tourists come to Arizona to see this wonder of the world.

Kevin's holidays

Kevin was waiting for his holidays. His mother said about a big surprise for him during holidays.

Summer holidays started. Now he was free like a bird, free to draw, paint, play cricket and watch TV ... anything he wanted to do. Kevin took out his crayons and album. He was going to draw a picture when suddenly the doorbell rang.

It was his cousin Max. "Hiii!", cried Max and started jumping on Kevin's bed, breaking his crayons into parts, "I have come to stay here for the holidays".

Kevin was not happy to have such a "surprise" on his holidays. Max was Kevin's pain. He was always doing things wrong. So the next holidays will be the worst in his life.

The next few days were horrible for Kevin.

After breakfast Kevin decided to do a painting. Luckily, Max was not at home. Kevin took out all his art things and started painting a beautiful picture. When he was finishing his picture, Max entered the room with a Pepsi bottle. He poured Pepsi all over the painting, and the picture became bad.

The next day was even worse for him.

Everything was good in the morning and in the afternoon. Something bad happened in the evening. It all started when Max put the dirty clothes in the washing machine. After sometime Kevin heard some strange sounds from the washing machine. He went to look at it and found that Max put his best pair of shoes into the machine with the clothes.

One day Kevin was reading the newspaper when he saw interesting news. He read it aloud: "Last week someone stole Dick Brown's stamps". Dick Brown was famous all over the world for his stamp collection. They were very expensive. Some more people lost their stamp collections too. The police were looking for them.

People who had stamps were afraid to lose their collections. Kevin had a nice stamp collection and it was with his

friend Allan. He decided to get his stamp album back.

But Kevin could not go out because his mother's friend came to see them and his mother wanted him to be at home. Kevin decided to send Max to get his album. Kevin gave Max Allan's address, and Max left the house.

Max soon came back with the album, and when Kevin looked at it he found out that it was not his album. The stamps were very expensive.

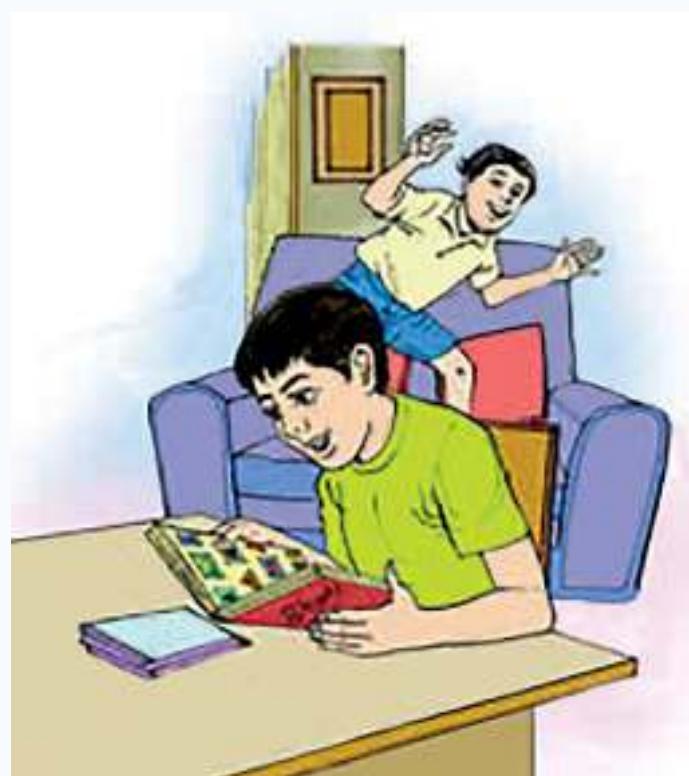

Max lost his way and went to another house by mistake. The door was open but there were no people at home. The album was on the table. So Max went in and found an album. He took it and brought to Kevin.

Kevin thought that it was Dick Brown's album. Kevin called the police and told that he found a stamp album.

A week later Kevin and Max got good prizes for finding Dick Brown's album.

"I will never be angry at Max", Kevin thought.

"Kevin, I was jumping on the sofa and I broke your glasses. Anybody can make a mistake", said Max.

She said: "No. Many people cannot hear."

The next year she asked me again.

This time I told her: "Mum, it must be our eyes because to see is very important to **everybody** (*hamma*)."

She looked at me and told me: "You're learning fast, but the answer is not correct because there are many people who cannot see."

Some years later (*bir necha yildan so'ng*), my grandad went to hospital and did not come back. Everybody was sorry.

My mother asked me: "Do you know the most important part of the body, my dear?"

I was **surprised** (*hayron bo'lmoq*) at that moment because I always thought this was a game between her and me.

She looked at me and told me: "This question is very important. Every year you gave me different parts of the body. And they were not the correct answer. But today is the day you need to learn this important lesson. The most important part of the body is your **shoulder** (*yelka*)."

I asked: "Is it because it holds up my head?"

"No", she said, "Everybody needs a shoulder **to cry** (*yig'lamoq*) on sometime in life. I hope you have enough friends to have a shoulder to cry on when you need it."

Now I know that the most important part of the body is when you feel the pain of others.

Grammatik ma'lumotlar

(O'qituvchilar uchun)

1) Ot (Noun)

Predmetning nomini bildirib, *kim?* (*who?*) va *nima?* (*what?*) savollaridan biriga javob bo'luvchi so'z turkumi ot deyiladi. Ot artikllar bilan ishlatalishi mumkin. Ingliz tilida otlar bosh va qaratqich kelishiklariga ega: *student* (bosh kelishik), *student's* (qaratqich kelishigi).

Otlar sanaladigan va sanalmaydigan otlarga bo'linadi. Sanaladigan otlar *book*, *car*, *chair* kabi so'zlar bo'lib, ular biz sanay oladigan narsalarning nomlaridir. Shunga ko'ra biz *one car*, *two books*, *three chairs* deb aytishimiz mumkin. Ular birlikda (*a cat*, *one book*) yoki ko'plikda (*two chairs*, *a lot of books*) bo'lishi mumkin. Birlikdagi otlardan keyin fe'llar birlikda, ko'plikdagi otlardan keyin esa fe'llar tegishlicha ko'plikda bo'ladi: *This book is boring. These books are interesting.*

Sanalmaydigan otlar *rice*, *water* kabi so'zlar bo'lib, ular biz sanay olmaydigan narsalardir. Biz *rice* deyishimiz mumkin, ammo *one rice* deb aytma olmaymiz. Shuning uchun sanalmaydigan otlar faqat birlik shaklda bo'lib, ulardan keyin fe'llar birlikda ishlataladi.

Otlarda ko'plik

Otlarning ko'plik shakli ularning birlik shakliga -s yoki -es qo'shimchasini qo'shish yo'li bilan hosil qilinadi va otlar oldidan ishlataligan noaniq artikl tushirib qoldiriladi.

Ko'plik yasovchi -s yoki -es qo'shimchasi otlarga quyidagi jadvalda keltirilgan qoidalarga ko'ra qo'shiladi va turlicha talaffuz qilinadi:

Birlik	Ko'plik
<i>a banana</i> – banan	<i>bananas</i> – bananlar
<i>a cat</i> – mushuk	<i>cats</i> – mushuklar
<i>an orange</i> – apelsin	<i>oranges</i> – apelsinlar

1. <i>k, p, t</i> dan keyin	-s	[s]	cat – cats; cap – caps
2. <i>b, d, g, l, m, n, r, v, w</i> dan keyin		[z]	pen – pens; dog – dogs
3. unlilardan keyin			boy – boys
4. <i>-ss, -sh, -ch, -x, -tch</i> dan keyin	-es	[iz]	class – classes; box – boxes
5. <i>-se, -ce, -ze, -ge, -o</i> dan keyin		[s]	horse – horses; page – pages
6. <i>-f, -fe</i> dan keyin	-es	[vz]	wolf – wolves; calf – calves shelf – shelves
7. undosh + y dan keyin	-ies	[iz]	canary – canaries; puppy – puppies; hobby – hobbies

Ingliz tilida yana shunday otlar ham mavjudki, ularning ko'pligi so'z o'zagining o'zgarishi bilan yasaladi: *man* – *men*, *woman* – *women*, *child* – *children*, *goose* – *geese*, *foot* – *feet*.

Yana shunday otlar borki, ularning birligi va ko'pligi bir xil shaklga ega: *fish* – *fish*, *sheep* – *sheep*, *deer* – *deer*.

Ba'zida ikki qismdan iborat bo'lgan bitta narsani aytishda ko'plikdagi otdan foydalaniladi: *trousers*, *shorts*, *glasses*, *pyjamas* va b.lar. Bu so'zlar ko'plikda bo'lganligi sababli ular bilan ko'plikdagi fe'llar qo'llaniladi. Ularning birlik shakli yo'q.

Agar ularning bittasi haqida gap ketsa, "a pair of (jeans)" deb aytildi.

m-n.: My trousers **are** old. (**is** old emas)

Your jeans **are** nice. (**is** nice emas)

2) Artikl (Article)

Artikl ingliz tiliga xos bo'lib, u otlar oldidan ishlataladi. O'zbek tilida bunday so'z turkumi mavjud emas. Artiklning ikki turi mavjud: 1) noaniq artikl – *a*, *an*; 2) aniq artikl – *the*.

Undosh tovushlar (masalan, *b*, *c*, *d*, *f*, *g*, *h*) oldidan *a* noaniq artikli ishlataladi: *a book*, *a coat*, *a house*, *a letter*. Unli tovushlar (masalan, *a*, *e*, *i*, *o*, *u*) oldidan esa *an* noaniq artikli ishlataladi: *an address*, *an egg*, *an idea*, *an old house*.

Yodda tuting! *a/an* faqatgina birlikdagi sanaladigan otlar oldidan ishlataladi. Ular ko'plikdagi hamda sanalmaydigan otlar oldidan ishlatilmaydi.

Sifatlar otlarning birlik yoki ko'pligiga qarab o'zgarmaydi: *a fast car; fast cars.*

Otlar oldida bir necha sifat ishlatsa, ular orasida *and* bog'lovchisi ishlatilmaydi: *a big bad wolf* (ammo *a big and bad wolf* emas). Shuningdek, ularning ishlatalish tartibi quyidagicha bo'ladi:

Fe'llarga "-ing" qo'shimchasini qo'shish orqali ham sifatlar hosil qilinishi mumkin, m-n.: *amaze + ing = amazing; interest + ing = interesting; bore + ing = boring* va b.lar.

Sifat darajalari

Ingliz tilida sifatlarning uchta darajasi mavjud: *oddiy, qiyosiy* va *orttirma*.

Sifatlarning oddiy darajasi ularning hech qanday qo'shimchasiz birlamchi shakllaridir: *nice, green, old, young, tall, strong, beautiful, fast, slow, hungry, sad* va h.k.

Sifatlarning qiyosiy darajasi: -er, more, than

Biror narsa, shaxs va h.k.ni boshqa bir narsa, shaxs va h.k. bilan taqqoslash uchun sifatlarning qiyosiy darajasi ishlataladi. Sifatlarning orttirma darajasi

Biror narsani u taalluqli bo'lgan butun bir guruh bilan taqqoslash uchun sifatlarning orttirma darajasi ishlataladi. Odatda bir yoki ikki bo'g'inli sifatlarning oddiy darajasiga "-est" qo'shimchasini qo'shish yoki ikki va undan ortiq bo'g'inli sifatlar oldidan "most" so'zini ishlatish bilan orttirma darajadagi sifatlar yasaladi. I think/don't think the maths test will be difficult. (Matematikadan test qiyin bo'ladi/bo'lmaydi deb o'ylayman.) *I'm sure she will be late.* (Ishonchim komilki, u kech qoladi.)

Will ('ll) to'satdan, nutq paytida qilinadigan qarorlar uchun ham ishlatiladi, m-n.: It's cold here. I'll close the window. – You promised to give me a book. – OK, I'll bring it in a minute.

Will tez-tez: a) biror narsani qilish taklif etilganda, m-n.: You look sick. I'll call a doctor for you. b) biror narsa qilishga va'da berilganda ishlatiladi, m-n.:

A: Can you give me some money. I'll give it back next week.

B: OK, I don't have money with me now. I'll give you some tomorrow.

Will bo'lishsiz shaklda won't (= will not) tarzida qo'llaniladi, m-n.:

Don't tell me to do it. I won't do it.

21) So do I. Neither do I. I don't either. Nor do I.

So do I/we/you/they iborasi suhbattosh tomonidan bildirilgan bo'lishli darak gapga qo'shilganda (munosabatni bildirish uchun) ishlatiladi. Bunday iboralarda gap tartibi darak gap tartibi bilan bir xil bo'lmaydi. Fe'l egadan oldinga o'tadi, m-n.:

A: I like gymnastics, because it's a beautiful sport.

B: So do I.

Neither do I. / I don't either. / Nor do I. suhbattosh tomonidan bildirilgan bo'lishsiz ma'lumotga qo'shilganda ishlatiladi, m-n.:

A: I don't do kurash.

B: Neither do I. / I don't either. / Nor do I.

22) Gerundiy (otlashgan fe'llar) – Gerund

Ingliz tilida fe'lning “-ing” qo'shimchasi bilan tugagan shakli gerundiy yoki otlashgan fe'l deb yuritiladi. Gerundiy fe'lning otlik xususiyatiga ega bo'lgan shaklidir. O'zbek tilidagi harakat nomi, ya'ni *ishlash, o'qish, kuylash, yozish* kabilalar ingliz tilidagi gerundiya to'g'ri keladi: *working – ishlash, reading – o'qish, singing – kuylash, writing – yozish.*

Fe'llarning “-ing” li shakllari qanday yasaladi?

1) Ko'pchilik fe'llar: **v + -ing**. Masalan: *work → working; sleep → sleeping.*

2) “-e” bilan tugovchi fe'llar: ~~(e)~~ + **ing**. Masalan: *make → making.*

“-ing” qo'shilganda undoshlarning ikkilanishi

1) **bir unli + bir undosh**dan iborat bir bo'g'inli so'zlarning oxirgi undoshi **-ing** qo'shilganda ikkilanadi: *plan → planning; stop → stopping;*

2) **ikki unli + bir undosh** yoki **bir unli + ikki undosh**dan iborat bir bo'g'inli so'zlarning oxirgi undoshi **-ing** qo'shilganda ikkilanmaydi: *wait → waiting; work → working.*

23) like/don't like/love + ot yoki gerundiy

Like, don't like va love fe'llaridan keyin ot so'z turkumi ishlatiladi, m-n.: I like cartoons. I don't like horror films. I love music programmes.

*Like, don't like va love fe'llaridan keyin fe'l ishlatiladigan bo'lsa, u gerundiy shaklida bo'ladi, m-n.: He likes **playing chess**. He doesn't like **going to the cinema**. Do you like **dancing**?*

24) I would (I'd) like to be ...

Would like (+ to be/to do) xohish, istakni xushmuomalalik bilan aytish uchun ishlatiladi, m-n.: I'd like two kilos of tomatoes, please. Would you like some coffee?

25) Some va any

a) *Some* (biroz, bir nechta) bo'lishli gaplarda sanalmaydigan va ko'plikdagi sanaladigan otlar oldida ishlatiladi, m-n.: *Give me some apples, please. There is some milk in the bottle.*

Some so'roq gaplarda savolga “Yes” javobi kutilganda, biror narsa taklif qilinganda yoki narsa so'raganda ham ishlatiladi, m-n.: – *Would you like some coffee? – Yes.*

Can I have some milk for my tea, please?

b) *Some* “ba'zi, ayrim” degan ma'noni ham anglatib, ko'plikdagi otlar oldida ishlatiladi, m-n.: *Some shops are open every day – Ba'zi do'konlar har kuni ochiq bo'ladi.*

Any (biror, birorta bo'lsa ham, hech) bo'lishsiz va so'roq gaplarda sanalmaydigan va ko'plikdagi sanaladigan otlar oldida ishlatiladi, m-n.: *There isn't any fruit in the fridge. Do you have any pencils? Is there any juice?*

26) Bog'lovchi (Conjunctions): *and, but, before, after, then, because, or*

Gaplar va gap bo'laklarini bir-biri bilan bog'lash uchun ishlataladigan so'zlar bog'lovchilar deyiladi. Bunday bog'lovchilarga *and, but, before, after, then, because, or* kabilarni misol qilib keltirish mumkin.

"And" (**va**) teng bog'lovchi hisoblanadi. Gapda bir necha so'z uyushib kelganda, bu uyushiq bo'laklarning oxirgi ikkitasi "and" bilan bog'lanadi, m-n.: *I have a mum and a dad. I like watching football, playing chess, riding my horse and listening to music.*

"But" (**lekin, ammo, biroq**) zidlovchi bog'lovchidir. Bu bog'lovchi bildirilgan fikrga zid yana bir fikr bildirish uchun ular o'rtasida ishlataladi va shu bilan ikkita gapni bir-biriga bog'laydi, m-n.: *It's old but beautiful. Her school is in London but our school is in Tashkent.*

"Then" (**keyin, so'ng, so'ngra**) bog'lovchisi biror voqeani hikoya qilib berishda ish-harakatlarning mantiqiy ketma-ketligini ko'rsatib berish uchun ishlataladi, m-n.: *Aziz's mother gets up early and she makes breakfast. Then she cleans the house. She does the shopping and then works in the afternoon.*

"Because" (**chunki, sababli, tufayli**) bog'lovchisi biror ish-harakatga sabab bo'lgan boshqa ish-harakatni aytishda ishlataladi, m-n.: *I don't like maths because it's difficult. Two girls and two boys like Sunday because we don't have lessons.*

"Or" (**yoki**) bog'lovchisi ikki yoki bir necha gapni yoki gapning uyushiq bo'laklarini bir-biri bilan bog'laydi va quyidagi hollarda ishlataladi:

a) ikkita imkoniyatdan birini tanlashda: *You can go home or stay at school.*

b) noaniqlikni ifodalashda: *There are usually five or six lessons.*

d) inkor yoki inkor ma'noli gaplarda ikkita uyushiq bo'lakni bog'laydi va "na ... va na ..." degan ma'noni ifodalab keladi, m-n.: *I don't drink tea or milk – Men na choy va na sut ichaman. I don't like jazz or rock. We don't have a parrot or a dove.*

27) Ravish (Adverb)

Ravishlar fe'l haqida ma'lumot beradi, ya'ni fe'lning qanday, qay tarzda, qay darajada, qay ravishda bajarilganligini bildiradi va asosan, fe'lidan keyin ishlataladi, m-n.:

*I play ^{fe'l} tennis **well** ^{ravish}.* (Men tennisi yaxshi o'ynayman.)

Ko'pchilik ravishlar sifatlarga "-ly" qo'shimchasini qo'shish orqali yasaladi, m-n.:

Sifat: quick careful bad loud soft noisy slow happy

Ravish: quickly carefully badly loudly softly noisily slowly happily

Ayrim so'zlarni o'zi asl ravish bo'lganligi sababli ularga "-ly" qo'shilmaydi, m-n.: *well* (yaxshi), *fast* (tez), *late* (kech), *hard* (qattiq, tirishqoqlik bilan).

28) Ingliz tilida so'z tartibi

Ingliz va o'zbek tillarida gapdagi so'z tartibi bir-biridan farq qiladi. Ingliz tilida gapda oldin ega, keyin kesim, so'ng to'ldiruvchi va nihoyat, hol keladi. Ingliz tilidagi gaplarda so'z tartibi almashtirib yuborilsa, yoki gapning mazmuni o'zgaradi, yoki gap mantiqsiz bo'lib qoladi. O'zbek tilida esa ko'p hollarda ega, to'ldiruvchi va holning o'rni almashtinib kelishi mumkin, lekin kesim har doim gap oxirida keladi. Agarda egadan keyin kesim qo'yilsa, gap bo'laklari bir-biri bilan mantiqan bog'lanmay qoladi. Buni quyidagi misollarda yaqqol ko'rish mumkin.

English	ega	kesim	to'ldiruvchi	hol
The children	are playing	football	now.	
ega, to'ldiruvchi yoki hol				kesim
Bolalar	hozir bolalar	futbol		
Hozir		futbol		
Bolalar	futbolni	hozir		<i>o'ynashyapti.</i>

29) Ingliz tilida payt hollarining gaplardagi o'rni

Every morning (day), on Fridays (Mondays ...) kabi payt hollari gap boshida yoki gap oxirida keladi.

hol	ega	kesim	to'ldiruvchi	hol
Every day	I	watch	TV	(every day).
(On Sundays)	I	don't go	to school	(on Sundays).

Always, usually, often, sometimes, never kabi payt hollari odatda egadan keyin keladi.

ega	hol	kesim	boshqalar
I	always	brush	my teeth.
We	never	swim	in winter.

30) Qo'shma gaplar

Qo'shma gaplar ikki qismdan iborat bo'ladi: *bosh gap* va *ergash gap*. Ergash gap bosh gapni to'ldirib keladi. U odatda *because, if, that* yoki *wh li bog'lovchi so'zlar* orqali bosh gap bilan bog'-lanadi. Ergash gap bosh gapdan oldin ham keyin ham kelishi mumkin. Agar ergash gap bosh gapdan keyin kelsa, ular orasida vergul ishlatilmaydi. Agarda u bosh gapdan oldin kelsa, vergul ishlatiladi, m-n.:

When you came, everybody was reading. (vergul ishlatiladi)

Everybody was reading when you came. (vergul ishlatilmaydi)

Because he was ill, he couldn't go to school. (vergul ishlatiladi)

I didn't have my breakfast because I got up late. (vergul ishlatilmaydi)

I think/believe/know that ...

Ko'pgina fe'lllar (m-n.: *think, know* va b.lar) kishining o'y-fikrlari va his-tuyg'ularini ifodalaydi. Qo'shma gaplarda bunday fe'llardan keyin *that* li ergash gap keladi, m-n.: *I know that* the task's difficult. *I think that it's already time to go. I believe that he's a good man.*

Ba'zida *that* tushib qoladi, m-n.: *I think it's already time to go. I believe he's a good man.*

31) Too

Too ikki maqsadda ishlatiladi:

a) Too "ham" ma'nosini anglatib, gap oxirida keladi, m-n.: *Sobir knows Russian. He knows English too. – I've got a headache. – I have too.*

b) Too "keragidan ortiq", "haddan tashqari" ma'nolarini ham anglatib, sifat va ravish hamda *many, much, few, little* so'zlaridan oldin ishlatiladi. Bunda uning ma'nosi bo'lishsiz bo'ladi, m-n.: *This dress is too big. We came too late to have dinner. You put too much salt in the soup.*

32) Hozirgi zamon majhul nisbati (Present Passive)

Fe'lllar ikki nisbatda bo'ladi: aniq nisbat (*active verb*) va majhul nisbat (*passive verb*).

Ega bajargan ish-harakatni aytish uchun fe'lning aniq nisbati qo'llaniladi, m-n.:

Somebody cleans this room every day.

Bu yerda: *Somebody* aniq nisbatning egasi va u ish-harakatni bajaryapti.

Egaga nisbatan sodir bo'ladigan ish-harakatni ifodalash uchun fe'lning majhul nisbati ishlatiladi, m-n.:

This room is cleaned every day.

Bu yerda: *This room* majhul nisbatning egasi va egaga nisbatan ish-harakat sodir etilyapti.

Hozirgi zamon majhul nisbati quyidagi tartibda yasaladi: *ega + am/is/are + o'tgan zamon sifatdoshi.* (*O'tgan zamon sifatdoshi* (*past participle*) haqida 121-betdag'i "Tugallangan hozirgi zamon" mavzusiga qarang. *Uning noto'g'ri fe'llari ro'yxati* 126-betdag'i jadvalda berilgan.)

Agar gapda ish-harakatni bajaruvchi yoki uning sodir bo'lishiga sababchi kishi yoki narsa aytib o'tilsa, u by predlogi yordamida ifodalananadi, m-n.: *In the morning the letters are collected by postmen. The letters are sorted by machines.*

33) So'z yasash: re- old qo'shimchasi

re- "qaytadan" degan ma'noni anglatadi va u bilan "qaytadan bajarish" ma'nosini anglatadigan fe'llar yasaladi, m-n.: *reuse* = "qaytadan foydalanmoq", *reread* = "qaytadan o'qimoq", *rewrite* = "qaytadan yozmoq" ma'nosini anglatadi.

34) I would (I'd) rather (do)

Would rather (do) "bajarishni afzal ko'rgan bo'lardim" ma'nosini anglatadi. *Would rather* dan keyin keladigan fe'l "to" siz ishlatiladi, m-n.:

A: *Let's go to museum.*

B: *That's a good idea.*

C: *Oh, no. I'd rather go to the sports centre.*

Bu iboraning bo'lishsiz shakli – *I'd rather not (do).*

m-n. *I'm feeling sick. I'd rather not go with you.*
